

## Eco Rail H4b · W5 · B

### Technical Specifications (EN 1317 norm)

Containment Level	H4b
Normalised working width [m]	1.4
Class of normalised working width	W5
Normalized dynamic deflection [m]	1.0
Normalised vehicle intrusion [m]	-
ASI	B
Class of vehicle intrusion IV	-
Construction height [m]	1.5
Construction width [m]	0.5
Post spacing [m]	1.33 c/c
Tested system foundation / installation	Anchored
Testing length [m]	64m
Weight per m [kg/m]	84 kg/lm
Characteristic material of the system	S235JR
