

Super Rail Plus H4b · W6/W7 · B

Technical Specifications (EN 1317 norm)

Containment Level	H4b
Normalised working width [m]	2.1
Class of normalised working width	W6/W7
Normalized dynamic deflection [m]	1.9
Normalised vehicle intrusion [m]	-
ASI	B
Class of vehicle intrusion IV	-
Construction height [m]	1.150
Construction width [m]	0.60
Post spacing [m]	1.33 c/c
Tested system foundation / installation	Anchored
Testing length [m]	80m
Weight per m [kg/m]	70.6 kg/m
Characteristic material of the system	S235JR
