

MegaRail bs

H1 · W2 · A

Technical Specifications (EN 1317 norm)

Containment Level	H1
Normalised working width [m]	0.8
Class of normalised working width	W2
Normalized dynamic deflection [m]	0.60
Normalised vehicle intrusion [m]	-
ASI	A
Class of vehicle intrusion IV	-
Construction height [m]	0.70
Construction width [m]	0.21
Post spacing [m]	1.33 c/c
Tested system foundation / installation	Anchored
Testing length [m]	52m
Weight per m [kg/m]	22.9 kg/m
Characteristic material of the system	S235JR
