

## MegaRail ek H1 · W3 · A

### Technical Specifications (EN 1317 norm)

Containment Level	H1
Normalised working width [m]	1.0
Class of normalised working width	W3
Normalized dynamic deflection [m]	0.80
Normalised vehicle intrusion [m]	-
ASI	A
Class of vehicle intrusion IV	-
Construction height [m]	0.70
Construction width [m]	0.21
Post spacing [m]	1.33C/C
Tested system foundation / installation	Driven
Testing length [m]	56m
Weight per m [kg/m]	21.8 kg/lm
Characteristic material of the system	S235JR
