

## MegaRail d H2 · W5 · A

### Technical Specifications (EN 1317 norm)

Containment Level	H2
Normalised working width [m]	1.66
Class of normalised working width	W5
Normalized dynamic deflection [m]	1.48
Normalised vehicle intrusion [m]	-
ASI	A
Class of vehicle intrusion IV	-
Construction height [m]	0.75
Construction width [m]	0.79
Post spacing [m]	2.0m
Tested system foundation / installation	Driven
Testing length [m]	60m
Weight per m [kg/m]	35.6 kg/lm
Characteristic material of the system	S235JR
