

MegaRail s H2 · W4/W5 · B

Technical Specifications (EN 1317 norm)

Containment Level	H2
Normalised working width [m]	1.27
Class of normalised working width	W4/W5
Normalized dynamic deflection [m]	0.97
Normalised vehicle intrusion [m]	-
ASI	B
Class of vehicle intrusion IV	-
Construction height [m]	0.90
Construction width [m]	0.49
Post spacing [m]	2.0m
Tested system foundation / installation	Driven
Testing length [m]	60m
Weight per m [kg/m]	36.6 kg/lm
Characteristic material of the system	S235JR
