

MegaRail s H3 · W4 · B

Technical Specifications (EN 1317 norm)

| | |
|---|------------|
| Containment Level | H3 |
| Normalised working width [m] | 1.29 |
| Class of normalised working width | W4 |
| Normalized dynamic deflection [m] | 0.97 |
| Normalised vehicle intrusion [m] | - |
| ASI | B |
| Class of vehicle intrusion IV | - |
| Construction height [m] | 0.90 |
| Construction width [m] | 0.49 |
| Post spacing [m] | 2.0 c/c |
| Tested system foundation / installation | Driven |
| Testing length [m] | 60m |
| Weight per m [kg/m] | 36.6 kg/lm |
| Characteristic material of the system | S235JR |
