

MegaRail es N2 · W2/W3 · A

Technical Specifications (EN 1317 norm)

Containment Level	N2
Normalised working width [m]	0.8
Class of normalised working width	W2/W3
Normalized dynamic deflection [m]	0.7
Normalised vehicle intrusion [m]	-
ASI	A
Class of vehicle intrusion IV	-
Construction height [m]	0.70
Construction width [m]	0.21
Post spacing [m]	2.0 c/c
Tested system foundation / installation	Driven
Testing length [m]	60m
Weight per m [kg/m]	19.71 kg/lm
Characteristic material of the system	S235JR
